Reviews

An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Excerpt: .the Weizmann Institute and would be related to the desalination research of the United States Department of the Interior. The results of this study should be of value to both the United States and Israel. Our Embassy at Tel Aviv has forwarded to us a brief outline of a desalting research project which the Israelis propose undertaking. This project, as outlined, is concerned with the electrodialysis process for desalting brackish waters in arid areas of Israel. In line with n previous understanding we had with the Office of Saline Water, Department of the Interior, we sent this outline over to that Office for its advice and comments. The grant-in-aid for the project has not yet been made by our Embassy; after we receive the Department of the Interior s comments as to the merits of the proposed project we will advise our Embassy accordingly. If you have any further questions with respect to this project please do not hesitate to ask them. Sincerely yours, William B. Macomb, Jr., Assistant Secretary.
