The chapters in this book discuss the following themes: Social organisation of industry that includes authority structures, bureaucracy, scientific management and human relations The role of conflict and cooperation between labour and management and related theoretical perspectives. The labour movement in India with a focus, among others, on labour legislations, viz., the Factory, Trade Union, and Industrial Disputes Acts. The unorganised/ informal sector, which employs an overwhelming majority of the working population. The author looks at how the lowering of trade barriers and the move towards liberalisation, privatisation and outsourcing, have affected the working class.
