Rosen Publishing Group,U.S., United States, 2001. Hardback. Book Condition: New. 268 x 201 mm. Language: English . Brand New Book. This new science and health series goes in-depth in examining how the human body operates. Each book corresponds with one of the body s eight major systems, including the muscular, circulatory, and reproductive systems. With diagrams and pictures to highlight the easy-to-read text, young readers will be transported into the inner workings of the body. A great resource for research and reports. Just as the title implies, this book discusses the workings of the immune system. In easy-to-understand language, the biological components of the system are identified and explained, diseases that attack the immune system are discussed, and information about how to strengthen and care for your immune system is laid out. This is a fun and informative text that takes the mystery out of how the body maintains a healthy state.
