

Social Physics: How Good Ideas Spread--The Lessons from a New Science

By Alex Pentland

Penguin Press. Hardcover. Book Condition: New. Hardcover. 320 pages. Dimensions: 8.4in. x 5.6in. x 1.3in. From one of the worlds leading data scientists, a landmark tour of the new science of idea flow, offering revolutionary insights into the mysteries of collective intelligence and social influence If the Big Data revolution has a presiding genius, it is MITs Alex Sandy Pentland. Over years of groundbreaking experiments, he has distilled remarkable discoveries significant enough to become the bedrock of a whole new scientific field: social physics. Humans have more in common with bees than we like to admit: Were social creatures first and foremost. Our most important habits of action and most basic notions of common sense are wired into us through our coordination in social groups. Social physics is about idea flow, the way human social networks spread ideas and transform those ideas into behaviors. Thanks to the millions of digital bread crumbs people leave behind via smartphones, GPS devices, and the Internet, the amount of new information we have about human activity is truly profound. Until now, sociologists have depended on limited data sets and surveys that tell us how people say they think and behave, rather than what they actually do. As...
