paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 561 Publisher: China Building Industry Press Pub. Date :2009-09. building energy-saving construction method of the development, production and application, is to promote building energy companies and technology to track the accumulation of technology, and improving the technical quality and management level, to accelerate energy-saving building scientific and technological achievements into practical productive forces effective way. This book brings together 10 national building energy saving construction method, seven provincial construction method, 10 enterprise-class construction method and 11 by the well-known experts in building energy-saving hot new technology articles, covering a wide range of current domestic applications, more sophisticated building energy-saving construction practices and cutting-edge special technology, reflecting the current domestic building energy-saving technology a higher level. This book is rich in content, informative, practical, illustrated, comprehensive guide to building energy-efficient construction and quality control. Contents: first national building energy engineering engineering methods gkp exterior insulation (polystyrene board network approach to enhance the polymer mortar) brick veneer construction method in-situ concrete composite plates with Fabric benzene polystyrene particles outside the brick veneer wall insulation construction method light fire insulation...

Reviews

Complete guideline! Its this type of great read through, it absolutely was writtern quite perfectly and helpful. I am very happy to explain how this is basically the best book i actually have read through during my personal life and can be he very best book for at any time.

-- **Joshua Gerhold PhD**

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
