VIROLUTION

HarperCollins Publishers. Paperback. Book Condition: new. BRAND NEW, Virolution, Frank Ryan, The extraordinary role of viruses in evolution and how this is revolutionising biology and medicine. Darwin's theory of evolution is still the greatest breakthrough in biological science. His explanation of the role of natural selection in driving the evolution of life on earth depended on steady variation of living things over time - but he was unable to explain how this variation occurred. In the 150 years since publication...
