Totalrecall Publications, United States, 2015. Paperback. Book Condition: New. International ed.. 297 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****. Learn Cataloging the RDA Way International Edition A Practical Study Guide For Learning Descriptive Cataloging Using Resource Description and Access (Rda) and Marc The fundamental skills of descriptive cataloging are the focus of this combination text and workbook. It covers all cataloging basics including the process of descriptive cataloging, MARC, FRBR entities, and the use of the RDA Toolkit. It then treats each section of the RDA Instruction Set in the detail needed for practicing catalogers to create RDA-compliant cataloging records. Learn Cataloging the RDA Way also includes information on changes from AACR2, access points, authority work, MARC coding, ISBD punctuation and copy cataloging. Since the bibliographic record is the foundation of all tools used in a library, it is important that library staff become familiar with basic cataloging skills. Learn Cataloging the RDA Way contains clear explanations and examples, along with numerous practice exercises, to help the reader become proficient in descriptive cataloging. It is equally suitable for students studying library science, experienced catalogers transitioning to the new RDA standard, and library technicians...
